So much to Celebrate!

Firstly, HAPPY QUEENSLAND DAY (6 JUNE) from all of us at Flying Arts to everyone across our amazing and diverse state!

WE DID IT! Thank you for your support!

Flying Arts is thrilled to announce that our **Make Art Big in Small Schools** campaign has come to a truly successful conclusion. Not only did we reach our target to receive matched funding through the Creative Partnership Plus 1 Program, we exceeded it by a further 50%! Together we raised \$25k+!

WOW! A huge thanks to each and every donor - you are our heroes! Your generosity will ensure that Flying Arts can provide enriching art experiences to more schools, more kids, more educators and more communities in 2019 and beyond.

If you'd like to learn about other options for giving to Flying Arts, please contact Karen Plitt, Development Lead at development@flyingarts.org.au.

Make Art Big in Small Schools is supported by Creative Partnerships Australia through Plus1.

Develop your Career in the Arts Sector

Do you feel like you've got a solid body of work, but nobody's taking notice? Or that you'd love to make a living from your art, or you're struggling to get picked up by the major institutions?

It's quite common for artists to hit a plateau when they reach that mid-career point. [Where To Next...?](#) aims to help artists develop and map out the next stages of their professional practices and arts businesses.

Art Enquirer is for those just starting out! The program invites year 11 and 12 students to get a glimpse behind the scenes and discover the inner workings of the arts industry. It's a must for any student considering a career or further study in visual arts.

In addition to exploring Brisbane galleries and professional artist studios, students will undertake professional mentorship in arts writing and have the opportunity for their work to be professionally published! The program is proudly delivered in partnership with IMA.

Flying Arts Receives Funding from Queensland Community Foundation

Flying Arts is thrilled to share another good news story. We recently received a generous grant from [Queensland Community Foundation](#) (QCF) to support Flying Arts in building capacity via a Research and Evaluation consultant.

The consultant will assist our team with embedding processes to capture archival and 'real-time' program data to strengthen the way we document and evaluate our long term and current impact across Queensland. Importantly, this will help improve our programs and services across the board and inform future strategic and program directions for the organisation.

The Queensland Community Foundation is a leading State and National trust fund providing an enduring income stream to charities. Thank You QCF!
